Dear Ray

Re: **GALVINS LA CHAPELLE PROJECT JANUARY 2010**

Just a note to thank you and all of your team at Contract Catering Equipment for the fantastic success of this project.

We have worked with CCE on various occasions but this is the first major project that you have undertaken for us and we must say it has been superb for various reasons:

- An Honest and straight forward approach
- Quality and strength of the fabrication "fit for purpose"
- Working closely with the chef's designs and ideas
- Enthusiasm and willingness to ensure the project was delivered as expected
- Bring sound advice & creativity to the design

We are proud of the new kitchens and look forward to working together with CCE on future projects.

Thanks for giving us what we consider to be the best kitchen in London.

Yours sincerely

Chris Galvin
